

2020 MadWarren Tour Driving Instructions

Now that these great roads have mostly been resurfaced, you will see why this is such a “jewel” of a drive in our own Schonesland backyard.

OK..... proceed to I-35 and head south out of the metro area to the CUMMING/NORWALK exit, just 3 miles south of the Hiway 5 bypass. Turn right off the exit ramp and proceed WEST on G4R. Don't worry, only the first 4 miles or so are a little rough-- after that, it's new blacktop, baby!-- all the way to the Hiway 169 T-intersection. Turn Left, or SOUTH on 169 and proceed all the way thru Winterset--do not turn. Once out of Winterset, you'll be on P71, continuing South until you turn LEFT onto G68. Proceed EAST on G68 through PERU (where the Delicious apple variety was created!) and then on to TRURO. Once out of Truro, turn RIGHT on to R35, which has been completely resurfaced, and proceed SOUTH, until you cross I-35 and continue into Osceola, where you'll “T” into HW 69 at the stop sign.

Head NORTH (left) on Hiway 69 and after about 2 miles, turn LEFT onto R45 and proceed to New Virginia. At the stop sign just before New Virginia, turn RIGHT on to G76. Follow G76 into N. Virginia and turn RIGHT at the first stop sign, continuing

EAST on G76 to Lacona. In Lacona, turn LEFT onto S23, going through MILO and then on to Hiway 92, where you'll turn LEFT and continue into INDIANOLA. At the big intersection with Hiway 65, (Van Wall Sports n the SW corner), turn RIGHT to head north back to the HW 5 bypass in DSM or continue west on 92 to I-35-your choice.

Hope you enjoyed the trip!

Jeff David
