

Ride with GPS - Accessing a Drive Event (drive route)

To find a planned Event, click on “More” on the bottom right

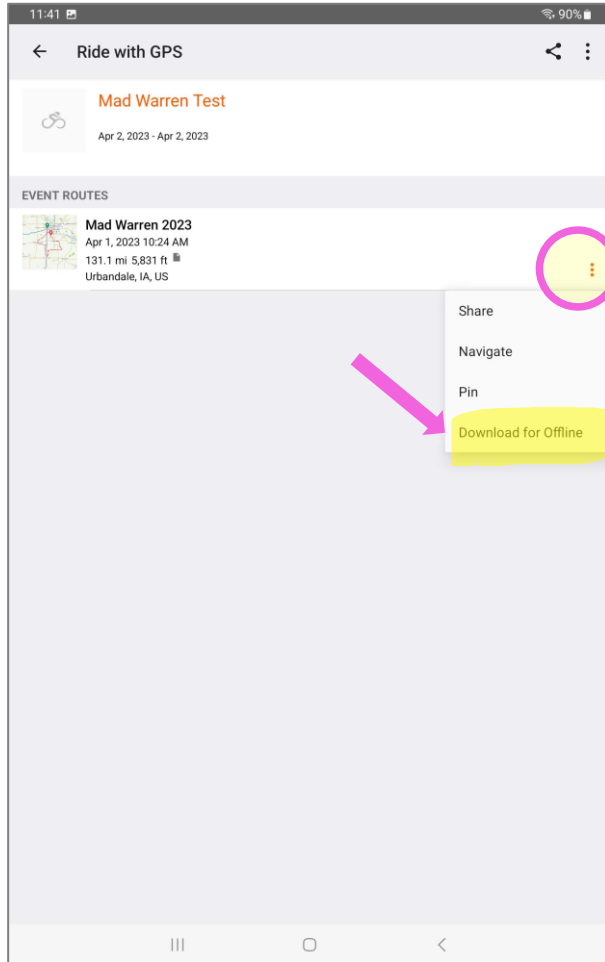

Then click “My Events”

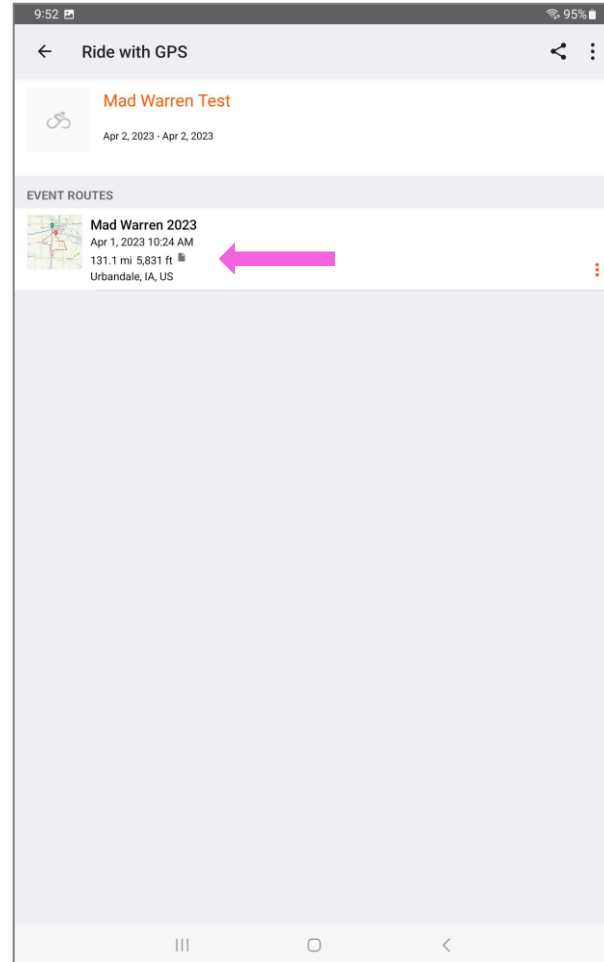

Then click on the drive you are attending

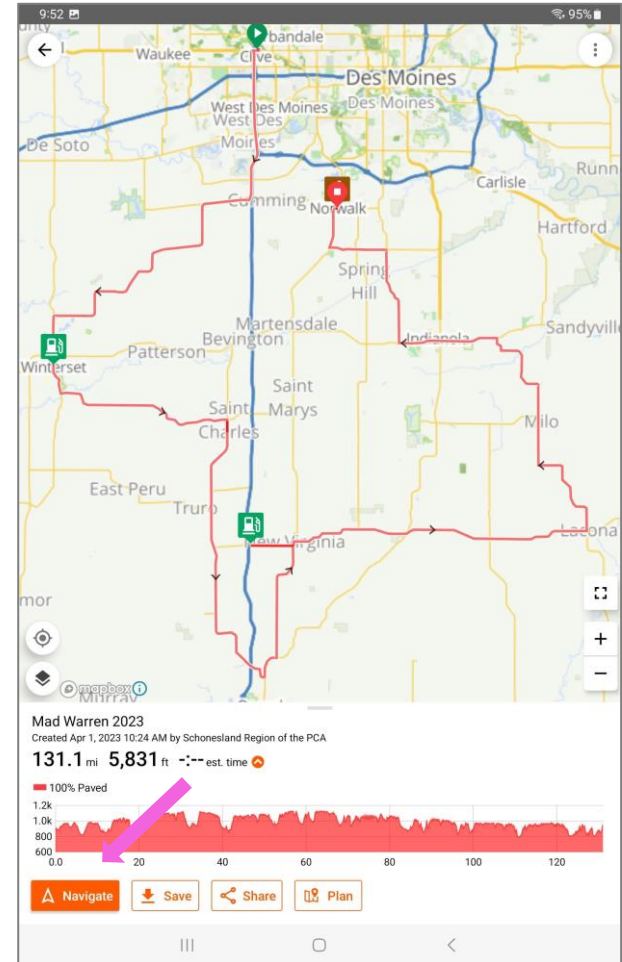

Find the route, and click on the three dots,
then click "Download for Offline"
(multiple day drives will have it's own drive)

Then click on the drive to select it

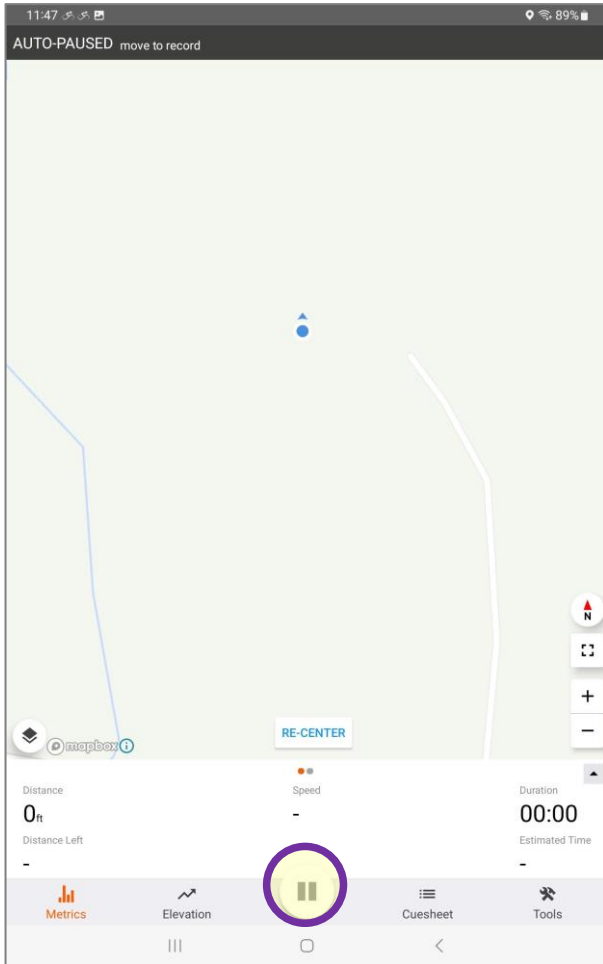

Click "Navigate" to start navigating...

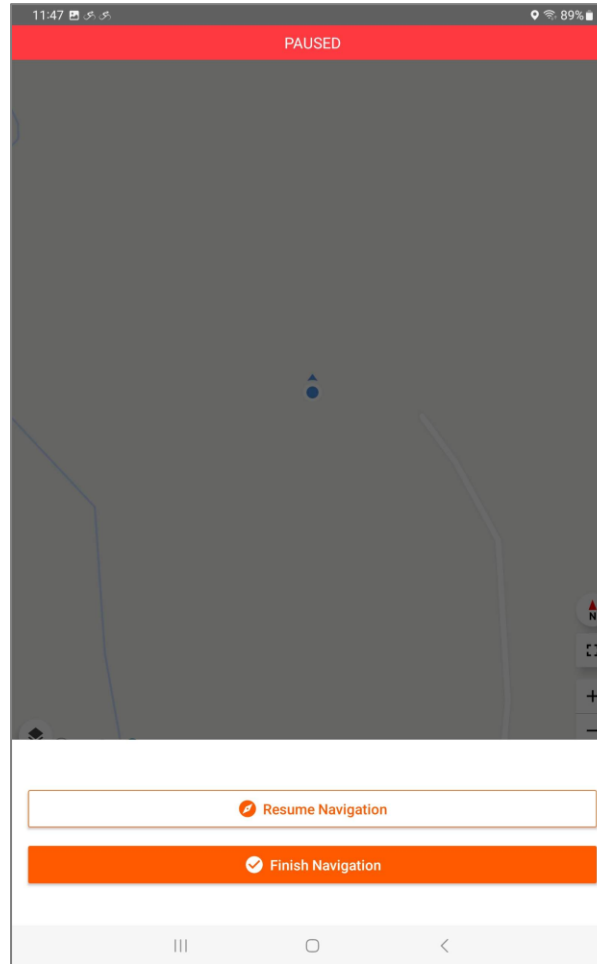

Stop or Pause Navigation

Click pause button once to pause –
Push & hold the to stop navigation

When you push & hold to stop, you'll have the
option to Resume or Finish

When you click Finish, you can save the drive
on your phone, or Delete, to not save it.
Note that it will NOT delete the drive from the club
– it simply does not save it on your phone
