New Schöneslanders

Welcome new members David and Lynda Pitts. They are proud owners of a '63 blue Super 90 Coupe. David tells us he has an interest in autocrossing. We hope to see him out at Area XI real soon.

Et Cetera

Jim Caligiuri, Bob Dideriksen and Yours Truly drove out to Pella June 14th to take a shot at the Des Moines Valley Region's autocross. This unique event takes place on the town square. "Loosing it" there could put you right in the display window of the local bakery shop!

Forty-two entrants took part on what started out a pleasant Saturday evening. We three Schöneslanders got our first runs in before the rains came. A few cars after Jim turned in what was to be the Fifth fastest time of the night, the Heavens opened. About ten drivers had their first runs in an increasing drizzle until the hail came.

Fortuneately the hail was light and short lived. While Donna and I searched for a protective overhang (which we soon found) the Dideriksens and Caligiuri were racing the storm back to Des Moines.

After the rain stopped, the action resumed. Jim had nipped a pylon during that hot run of his. This allowed enough room for me to "slide" a time in under his to win the A-Stock class.

DMVR/SCCA holds their regular autocrosses at Area XI every third Sunday. They have invited all of us to come out and join them. It's interesting to see how our cars (and drivers) compare to theirs.

Sid and Shelly Jepson, and Joe Watton ventured to BIR Speedway for the Nord Stern high speed autocross on May 31st. Saturday's practice sessions were great with lots of track time and perfect weather. There were approximately 30 cars running in three classes.

Sunday unfortunately was rainy with a wet track. This lent to conservative driving and slow times. The only casualties were Shelly's carbs which caught fire.

There will be two more sessions at BIR this year, August 2-3 and October 4-5. You ought to drive on up!

It was the perfect evening for a Schonesland Family Picnic and Big Creek Lake was the perfect place. Bob Dideriksen provided an escort for most arrivals from the Boat Ramp lot to the shelter house where plenty of good grub, a warm fire and fun festivities awaited. Nare was heard a discouraging word except a grumble here and there about a few mosquitos who decided to crash the party. The youngest Porsche Pusher award goes to Bob and Roanna Anderson who honored our club by bringing along their two week old baby girl.

After a spectacular sunset, we caravanned over to the Broken Arrow Saloon for some fine Blue Grass music.
